

JOB OFFER

Position in the project:	Assistant professor / Professor in a group of research staff. (Junior / Senior Research Group Leader) PRINCIPAL INVESTIGATOR in the area of Biotechnology or Polymer chemistry, International Centre for Research on Innovative Biobased Materials - International Research Agenda
Scientific discipline:	Polymer chemistry combined with molecular biosystems engineering and computational sciences,
Job type (employment contract/stipend):	Full- time, temporary employment (end of 2023) with possibility to extend
Number of job offers:	2
Remuneration/stipend amount/month:	Gross monthly salary in the range of 23000 – 24500 PLN (+ 1 additional salary provided the employment in a given calendar year lasted longer than 6 months) based on the qualifications with full public health insurance and paid holidays.
Position starts:	May 2023
Maximum period of contract/stipend agreement:	Till the end of 2023, with possibility to elongate
Institution:	Lodz University of Technology- International Centre for Research on Innovative Biobased Materials
Project leader:	Dr. Vignesh Kumaravel, Prof. Piotr Paneth
Project title:	International Centre for Research on Innovative Biobased Materials (ICRI-BioM). Project is carried out within the MAB PLUS – International research Agendas programme of the Foundation for Polish Science
Project description:	It aims at the creation of an excellent scientific unit that focuses on combining polymer chemistry with molecular biosystems engineering experimentally and with the aid of computational sciences.
Key responsibilities include:	The successful candidate will lead a research group in the area of biochemistry/biotechnology/Polymer Chemistry in the area of biobased materials or polymer chemistry.
Profile of candidates/requirements:	Candidates should have a Ph.D. degree with at least 10 years (senior PI) or 3 years (junior PI) of experience in biochemistry or biotechnology or polymer chemistry, international recognition for research accomplishments (ideally comparable to the ERC level), and possess effective leadership skills, together with a record as a mentor (senior position) of young scientists. We encourage female scientists to apply.
Required documents:	Interested candidates are requested to e-mail the following documents in a single PDF file. <ul style="list-style-type: none"> • Application for employment to the Rector of Lodz University of Technology; • Personal questionnaire for a person applying for employment at Lodz University of Technology (annex 1.1), data privacy statement (annex 1.2), and consent to the processing of personal data (annex 1.3) – all available at Microsoft Word - Annex no. 1, 2, 3 (lodz.pl); • Copies of diplomas; • brief CV (up to 3 standard pages); • up to 10 key research and/or implementation achievements (a single achievement is e.g. full text of a publication or a patent, etc.); • list of key projects for which the applicant was granted funding or played a major role;

	<ul style="list-style-type: none"> •list of key conference speeches or lectures delivered by the applicant (senior position: at the invitation of hosts, indicating the names of the host); •description of the applicant's experience in research-industry cooperation and successful implementations (up to 1 page); •senior position only: description of the applicant's skills in guiding students' research (up to 1 page); •senior position only: description of the applicant's research management experience (up to 2 pages); •senior position only: description of unique features of the achievements obtained in the last ten years and their influence on the development of a given scientific field (up to 3 pages).
We offer:	<p>Starting date May 2023</p> <p>Contract until the end of 2023 (with conditional renewal)</p> <p>Full public health insurance</p>
Please submit the following documents to:	Documents should be sent to the email address: vignesh.kumaravel@p.lodz.pl
Application deadline:	April 24th, 2022
For more details about the position please visit (website/webpage address):	lcri-biom.p.lodz.pl
Euraxess job/stipend offer (in case of PhD and postdoc positions):	https://euraxess.ec.europa.eu/jobs/87727

Processing personal data:

By submitting your application you agree with the following statement:

"I hereby consent to have my personal data processed by the Lodz University of Technology with its registered office at ul. Zeromskiego 116, 90-924 Lodz for the purpose of carrying out a recruitment process and selecting an employee, and concluding a contract for employment at the Lodz University of Technology.
